## EXHIBITIONS

### Rainforest Masks of Costa Rica

January 7 to 22

*Rainforest Masks of Costa Rica* highlights the artistry and tradition of the indigenous Boruca tribe of Costa Rica. During this annual exhibition and sale, the Museum of Botany & the Arts will showcase hundreds of beautiful hand-carved and painted balsa wood masks featuring the stunning flora and fauna of the tropical rainforest.

### Tiffany: The Pursuit of Beauty in Nature

February 12 to June 25

Selby Gardens' 2023 Jean & Alfred Goldstein Exhibition will showcase the creativity and innovation of American artist and designer Louis Comfort Tiffany (1848-1933). The first exhibition of its type to be presented in a botanical garden, this immersive show will highlight the inspiring connection between the art of Tiffany Studios and the natural world through unique horticultural displays in the Tropical Conservatory and the Gardens, accompanied by seminal examples of Tiffany's work on view in the Museum of Botany & the Arts.

### Seeing the Invisible: An Augmented Reality Contemporary Art Exhibition

Extended through September 2023

The most ambitious and expansive exhibition to date of contemporary artworks created with augmented reality (AR) technology continues at our Historic Spanish Point campus through September 2023. *Seeing the Invisible* features works by more than a dozen international artists such as Ai Weiwei and El Anatsui—including several artists' first work in AR. Visitors engage with *Seeing the Invisible* via an app designed for the exhibition and downloadable to smartphones and tablets. This innovative show is on view simultaneously at several other gardens and museums in different countries, fostering collaboration between institutions, artists, and audiences and highlighting the power of art to connect people around the world.
